# The Challenge Starts With You!

The Greater Works in 2020 or Gi-20 and the next decade starts by taking a serious look at a few Key Questions designed to challenge you to make some great changes in the near future! Consider them and be honest with your answers...

1. Am I the Person I want to Be?
2. How fulfilled Am I with my current Purpose in Life?
3. Am I truly Happy and Satisfied?
4. If Money wasn't a factor what would I be doing?
5. Where do I want to End Up?
6. Can I list at least 10 Goals I plan to accomplish in 2020?
7. Am I ready for The Challenge to be Greater?

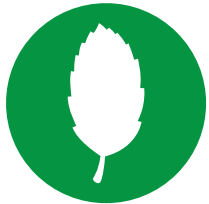

# The Common Denominator

Is Leadership. At the beginning of creation, humanity was given a charge to lead. That same charge is at the root of EVERYTHING we do today. If there is an issue in politics, ministry, or even two siblings, please understand that leadership or the lack there of has played a valuable role in the outcome. This is why the 5D tenants of leadership must become a priority in your Gi20 Challenge.

Leadership is MAKING DECISIONS

Leadership is DISCIPLINE

Leadership is DEVELOPMENT

Leadership is DESIRE

Leadership is DEPUTIZATION

## *GI-20 Leaders Make Decisions*

“It’s a wondrous thing, that a decision to act releases energy in the personality. For days on end a person may drift along without much energy. Having no particular sense of direction and having no will to change. Then, something happens to alter the pattern. It may be something very simple and inconsequential in itself. But it stabs awake, it alarms, it disturbs. In a flash, one gets a vivid picture of oneself, and it passes. The result is decision. Sharp, definitive decision; In the wake of the decision, yes, even as a part of the decision itself, energy is released. The act of decision sweeps all before it, and the life of the individual maybe changed forever.”

— Howard Thurman

One of the keys to your Gi-20 is your ability to make the life changing decisions. You must consider the opening questions and come to a conclusion or resolution. This will start the process of repositioning your mindset and your emotions. After you make up your

mind, and put a positive emotion on it you will see your environment and financial situation change because of one word and that word is DECISION. Many people fail to realize how important the decision making process is. The right decision at the wrong time can be costly. The right decision at the right time is what you’re ultimately striving

for. However, in order to get to such a level of mastery you must reposition your approach to making decisions. You have to do your research, gather all necessary information, weigh the pro’s and con’s, take the risk, make the decision and do the work. Most importantly, you must give time and room for the decision to play out...

## *GI-20 Leaders Have Discipline*

It doesn't matter what you're trying to accomplish. It's all a matter of discipline. I was determined to discover what life held for me beyond the inner-city streets.

-Wilma Rudolph

You can judge the quality of their faith from the way they behave. Discipline is an index to doctrine.

-Tertullian

When it comes to discipline and understanding how to apply it to your life, you must first engage the concept of submission. In order to be disciplined you have to make a choice to submit to an authority, and obey the authority of someone or something greater than yourself in a particular area, subject or task. Once you submit you are ready to receive the instructions that could possibly change your life. Consider my Nucleus Program, which is now apart of the curriculum for The Zebulun Business School. One of the

requirements for enrollment is that the mentees follow and adhere to the rules, regulations and complete all assignments given. If they do not comply with the instructions they are removed from the course without a refund. That is a form of discipline. Even discipline as a branch of knowledge requires a level of certain

behaviors that if not met the desired results will not to happen. The most important aspect of discipline for your Gi-20 Challenge is for you to put in place some sort of accountability team or punishment that will keep you disciplined. Remember, the Key to Discipline is Obedience. Even to the rules that you set for yourself!

## *GI-20 Leaders are Developers*

All that is valuable in human society depends upon the opportunity for development accorded the individual.

- Albert Einstein

I have always had this view about the modern education system: we pay attention to brain development, but the development of warmheartedness we take for granted.

-Dalai Lama

Constant development is the law of life, and a man who always tries to maintain his dogmas in order to appear consistent drives himself into a false position.

-Mahatma Gandhi

The quintessential essence of life is development. Everything thing under the guise of creation is given an ability to express its self through the art of development. To develop simply means to grow or cause to grow and advance. Bolstering

synonyms such as prosper, thrive, mature and evolve how can you not sense the urgency and challenge to do, embody and even become something more. Can you imagine owning the store verses shopping at one? Can you see yourself speaking and teaching others with confidence and boldness because of what you learned in the process of YOUR

development? If you can, you have discovered the hidden mystery to The Gi-20 Challenge. And that is to take what you have learned from every trial, disappointment, setback, win and victory and put them all in a melting pot and develop something GREAT! Develop a new you that is so amazing that it makes you almost unrecognizable...

## *GI-20 Leaders Have Desire*

The will to win, the desire to succeed, the urge to reach your full potential... these are the keys that will unlock the door to personal excellence.

-Confucius

Three things are necessary for the salvation of man: to know what he ought to believe; to know what he ought to desire; and to know what he ought to do.

-Thomas Aquinas

All human actions have one or more of these seven causes: chance, nature, compulsions, habit, reason, passion, desire.

-Aristotle

Desire is the starting point of all achievement, not a hope, not a wish, but a keen pulsating desire which transcends everything.

-Napoleon Hill

*Write down at least 5 things that you thought you couldn't do and Desire to do them!*

Aspiration, inclination and strong feeling are three characteristics of a Leader that separates them from the rest of the pack. The mindset of a leader is always fueled by a strong Desire. Be it the aim to win, succeed, overcome, take over, or even a passionate love filled relationship, a strong desire can take you far into the realms of success if used properly. Are there things in your life that you wanted but didn't get because your desire wasn't strong enough? Did you allow your old paradigm talk you out of your

childhood dream? Or was it a close personal friend who sowed a seed of inferiority that said: "you will never be good enough or that's not you." I want you to know that you were made to be a Champion! In fact the enemy knows that you are Royalty, and that's why he continues to play mind games with you. But That stops right now! You can BE, DO, and ACCOMPLISH anything you that God gives permission to. All you have to do is place a strong demand of Desire on it!

## *GI-20 Leaders Deputize*

A Deputy is considered a person whose immediate superior is a senior figure within an organization and who is empowered to act as a substitute for this superior. In other words a deputy is an understudy or a second-in-command. When it comes to leadership and you being able to do Greater Works, Exploits or Business endeavors you must seek and find others of whom you can share and impart your wisdom and knowledge. Many would call this discipleship. Some would call it securing your legacy. I call it Deputization.

The ability to teach and train people can be categorized as education. However education does not always require a relationship and empowerment to one's estate or resources. When you develop a mindset of Deputization you are saying to that pupil, or student "I believe in you and want to give you the rights and privileges of my name."

*Write down at least 5 things that you will commit to teaching and empowering someone else to do!*

I look at Jesus and the relationship He established with his disciples in this way. Jesus deputized the disciples and sent them out with instructions and authority. Of course you know the story, they came back with great testimonies of how, through His name they were able to see great victories. I believed this

was the ultimate example of leadership. I believe you have that same access and ability to great works in your lives and the lives of others. To deputize someone else means you must have something of significance or great value. Consider what The Lord has given you. Consider Deputizing Someone...
